

## Specifications

Property	Value
Film Material	PE, PP
Adhesive Material	Water-borne Acrylic adhesive
Color	White
Thickness	80um
size	500mm x 20M, 650mm x 20M, 1300mm x 20M Other sizes possible on request
Die Diameter	1.5" (38.1mm), 3" (76.2mm)
Tensile Strength (Kg/cm <sup>2</sup> )	> 500
Adhesive Strength	600g±50g/25mm, 800g±50g/25mm, 1200g±50g/25mm
Packaging	2pcs/bag, 2bags/ctn

## Usage

Adhesive Roll is perfect for cleaning machine in the PCB manufacturing process. This product is with high performance in particle removal ability and the dust removal rate can reach 99.9%.

Adhesive Roll is made with environment-friendly Water-borne Acrylic adhesive and safe for body.
